## **Alden Estates of Shorewood Short-Term Rehabilitation Center Donates AED to Troy Township Community Center**

**TROY TOWNSHIP, SHOREWOOD, IL** – Township Supervisor Joseph D. Baltz is pleased to announce the donation of an Automatic External Defibrillator (AED) by Alden Estates of Shorewood to the Troy Township Community Center. Alden Estates of Shorewood is a short-term rehabilitation center.

AEDs are easy-to-use devices that can restore a regular heartbeat to someone undergoing cardiac arrest or other life-threatening cardiac conditions. Because time is of the essence when someone is having a cardiac emergency, AEDs help save thousands of lives each year.

“Our Community Center is used almost daily and we are excited to be able to add this safety feature for our visitors; at no cost to our local tax payers. We are extremely grateful to Alden Estates of Shorewood for this generous donation,” said Supervisor Baltz.

Alden Estates of Shorewood also purchased a special case for the AED, which will be placed on a wall at the Township Community Center.

“We’re pleased to be able to support Troy Township in creating a safe and healthful environment for those visiting the Community Center,” said Annette Borcky, RN, administrator at Alden Estates of Shorewood. “community centers are an important way of keeping people engaged, especially seniors, which is an essential aspect to staying healthy as we age.”

Alden Estates of Shorewood sponsored a lunch for the Troy Township Seniors on Wednesday, August 19th and unveiled the new piece of equipment.

Alden Estates of Shorewood is a five-star facility offering transitional care, short-term rehabilitation and post-acute services throughout the southwestern suburbs. Since it opened in May 2012, Alden Estates of Shorewood has been setting the standard in transitional care and exceptional customer service with its well-known Optimal Rehabilitation Therapy Program, luxurious accommodations and five-star amenities. The Optimal Rehabilitation Program offers intensive therapy daily to get you back on your feet – and home – as quickly and safely as possible.
