### Small Business Administration

An Economic Injury Disaster Loan program provides small businesses with working capital loans up to \$2 million that can provide vital economic support to small businesses to help overcome the temporary loss of revenue they are experiencing. The State of Illinois is soliciting responses from small businesses to assist in evaluating a request for an economic injury disaster declaration from the U.S. Small Business Administration (SBA). This will assist officials in allocating future funding from the SBA.

## Resource List During the COVID-19 Pandemic

*Troy Township has compiled this list to the best of our ability. It is certainly not exclusive to all available resources. We will update this list as we learn new information.*

United Way of Will County Disaster/Crisis Protocol Resources and Opportunity to Help:

(taken directly from United Way of Will County)

Includes a 3-prong approach:

- Identify resources for those in need
- Identify opportunities to help those in need
- Enact local response donation fund.

### **Resources Available**

To seek assistance we encourage one to call our 24/7 Helpline operated by Crisis Line of Will County; Phone: 815-722-3344; Website: [www.willfinduhelp.org](http://www.willfinduhelp.org).

We also have a Community Resource document that is a compilation of services available and refers to common questions received by our office. This document and information will soon be on our website <https://uwwill.org>. We contract with a Joliet, small business owner to maintain our website and are working with him to expedite the needed updates.

### **Opportunities to Help**

In order to assess the opportunities to help, we are actively working with community-based partners on identifying their needs. Currently, we have a survey gathering the in-kind needs, unforeseen hardships, and changes to hours of operations or programs for local organizations. Initial findings are consistent:

- 65% report financial needs to assist with operations and programs due to increased cleaning/sanitizing costs and/or cancellation of fundraising events.
- 70% report a critical lack of cleaning, sanitizing and proper Personal Protection Equipment including masks and gloves.
- Organizations that rely on volunteer support are experiencing volunteer shortages.

As we continue our outreach efforts, these opportunities will continue to unfold. Our Online Volunteer Center: <https://uwwill.galaxydigital.com/>, is currently equipped with an on-going list of in-kind donations needed, as well as a link for volunteers to give their time.

### **Local Donation Fund**

With the surge in unforeseen needs, it is critical that these organizations have the resources they need to continue to operate at the highest capacity. A donation to the Will County COVID-19 Response Fund will support the agencies that are ensuring our neighbors can access basic needs in this time of crisis.
