Tax reform and changes to the federal tax code will have a “**HUGE**” impact on retirement in 2018 and beyond. Please join us for a **fun (*I know it is taxes, but we will try to make it fun!*)** night of learning about new tax brackets, increased standard deduction, changes to itemized deductions, IRA planning opportunities and so much more. Tax planning before it is filing season is vital in a year like this. Please don’t miss this special year-end tax planning workshop to learn about what opportunities are now available for seniors and retirees. We look forward to a great night!
