The Troy Township Highway Department's primary obligation is to ensure that its roadways are as clear as possible of snow or ice. It is also understood that most mailboxes are located within the public right-of-way, and therefore while fulfilling the primary objective, mailboxes may be unintentionally and unavoidably damaged. This policy assumes there is a shared responsibility between the Township Highway Department and the homeowner when mailboxes located in the public right-of-way are damaged during snow removal operations. While there is no legal requirement that the Township do so, it is the policy of the Troy Township Highway Department to reimburse residents up to \$100 for eligible damaged mailboxes, caused by direct plow contact on the part of the Troy Township Highway Department.
